UTTAR PRADESH STATE ROAD TRANSPORT CORPORATION LUCKNOW

SPECIAL CONDITIONS FOR WORK

All the work shall be carried out as per detailed C.P.W.D., U.P.P.W.D., U.P. JAL NIGAM, U.P. POWER CORPORATION LTD., M.O.R.T.H. (Road Wing) specifications for road and bridge work (third revision 1995) as the case may be, and latest circulars and instructions issued time to time as per instructions of Engineer-in-charge and other inspecting officers.

EXTENT OF CONTRACT

The Contract comprises construction and completion of the specified job and the provisions of all labour, materials, T&P etc. and transport, temporary works etc. whether of temporary or permanent in nature required for the construction, completion and maintenance of the work.

INSPECTIONS OF THE SITE

The tenderer (s) must inspect and examine the site of work and its surroundings and satisfy himself/themselves before submitting his/their tender. He/they has/have to make sure of the positions of quarries and availability of required material from quarries mentioned in the specifications, topography of the site availability of labour and material and other amenities before tendering. No claim for additional work or extra work due to any of the above will be allowed.

ENTRIES IN TENDER

All entries by the tenderer should be in one ink and one hand/on prescribed bill of quantity only. Erasers and overwriting are not permissible. All corrections should be neatly written and signed by the tenderer. Rate should be written in figures as well as in words. In case there is any variation, lower rate shall be treated as Tender rate.

CONDITIONAL/ INCOMPLETE TENDER

Conditional, incomplete, unsigned tenders will not be considered. Only those bidders who supply necessary proof/documents of possession of the required equipments in their bids will be considered for further evaluation.

ADDRESS OF CONTRACTOR

The contractor shall give his full permanent postal address. The postal receipt of the letters sent to him on this address shall be considered sufficient proof that they have been delivered to him.

ACCEPTANCE OF TENDER

The department shall have the right to accept or reject any or all the tenders or part thereof, without assigning any reason to contractor and no claim whatsoever shall be entertained on this account.

SIGNING OF TENDER DOCUMENTS

Contractor shall sign each page of tender documents before offering his tender and required stamp duty on the contract deed will be borne by the contractor.

COPY OF CONTRACT

On request, the Executive Engineer may furnish the contractor with a copy of the contract.

TIME OF COMPLETION

The time of completion as shown in this tender is for completion of the entire work.

In case of acceptance of tender the tenderer shall deposit 50% of security money as per G.P.W. form 9 clause-1 adjusting the amount of earnest money already deposited with the tender. Balance security shall be deducted from the running bill payable to the contractor.

Security money will be refunded after 6 months (one year in the case of overhead tanks and tube-well works) from the date of completion of the work Provided no defects are found during the maintenance period).

EMPLOYMENT OF LABOUR

The contractor shall submit a daily report to the Engineer-in-charge regarding the total labour employed by him for the work and shall be bound to pay wages which shall not be less than the wages fixed under Minimum Wages Act.

LINE AND LEVELS

The contractor shall be solely responsible for setting out the works and for the correctness of the position, levels, dimensions and alignment according to the specification and shall provide all necessary assistance, instruments, pegs, sticks, poles and other materials, required for the purpose. The tender rates shall be deemed to include all this.

PROGRAMME AND RETURNS TO BE FURNISHED

As soon as practicable, but not later than 7 days after the acceptance of his tender, the contractor shall submit to the Executive Engineer for his approval, a time schedule to carry out works. The contractor shall whenever required by the Engineer-in-charge, furnish for his information arrangements for carrying out the work. The submission to and approval by Engineer-in-charge of such program or furnishing of such particulars shall not relieve the contractor of any of his duties or responsibilities under the contracts. In addition, the contractor shall have to furnish returns of work done by him, as may be directed by the Engineer-in-charge from time to time.

EXECUTION

The contractor shall have to execute various item of works strictly according to the order and time schedule approved by the Executive Engineer. Materials will also be tested as per required frequency of tests.

TECHNICAL STAFF AT SITE OF WORK

The contractor shall have to employ full time technical staff and other supporting staff for supervision of the work. Name of the technical staff employed by the contractor shall be intimated in writing to the Engineer-in-charge. Any change of technical staff during the execution of work should be intimated immediately in writing to the Engineer-in-charge.

SITE OFFICE

The contractor shall establish and maintain a site office under his authorized representative/technical staff. All relevant documents shall be kept in the site office.

SITE ORDER BOOK

A site order book shall be maintained at the site of work in which instructions shall be given to the contractor as and when necessary. These instruction/orders, shall have to be signed and complied by the Contractor or his authorized representative. The entries in 'Site Order Book' shall be treated as proper notice serving upon the contractor in terms of his contract.

LIGHTING ARRANGEMENT

The contractor shall make his own arrangement for lights during the fag end of the day in case the work is likely to be delayed due to unavoidable circumstances.

TRAFFIC CONTROL

The contractor shall ensure to proper maintenance of patties in 2.5m. width during execution of the bituminous work and it shall be kept always damp by regularly watering to avoid nuisance. In case of any casualty taking place at the work site, the contractor shall be solely responsible for payment of any compensation etc. to the aggrieved party.

SUSPENSION OF WORK

The contractor on the written order of the Executive Engineer/Assistant Engineer shall suspend the progress of the works or any part thereof, for such time and in such manner as may be considered necessary and during such suspension shall properly protect and secure the work as far as necessary in the opinion of the Executive Engineer. Nothing extra shall be paid to the contractor if such a suspension is necessary for proper execution of the work by reason of weather or by some default or the contractor or necessary for safety of the work or any part thereof.

SAMPLES

Contractor shall make laboratory with sufficient arrangement of testing facilities, appliances and laboratory technicians etc. at site and shall always co-operate in procurement of samples, conduction tests, as may be directed and no extra payment shall be made for them. Test samples shall be taken carefully in accordance with the I.S.I, method of sampling, no plea shall be entertained on this account. Job Mix Formula for B.M. and S.D.C. shall be done from any reputed authority by the contractor on his cost.

TESTING MATERIALS

All materials and workmanship shall be of the respective kind described in the contract and in the accordance with Engineer-in-charge instructions and shall be subjected from time to time to the testes mentioned under specifications. The contractor shall provide such assistance, labour and materials as are normally required for examining measuring and testing of the works and quantity weight or quality of materials used and shall supply materials, sufficiently in advance for testing as mentioned under specifications. The materials used subsequently for execution of the work shall strictly conform to the quality and sample approved. Necessary test for which facilities are not available locally or at site shall be conducted in the nearest available government controlled Laboratories/Research Institute, Lucknow or any other reputed technical institution. Cost of such testing and forwarding of sample to the laboratory etc. shall be borne by the contractor and nothing extra shall be paid on this account. Regular quality control test registers shall be maintained by the contractor.

ROYALTIES AND TAXES ETC.

The contractor shall pay all royalties, license fee, other charge at quarry, octroi duties, custom duties, toll taxes, trade tax, service Tax and any other local taxes as may be levied. No passes for octroi or toll levied by local bodies on toll bridges shall be issued by the Department. Rate shall inclusive of the same. Nothing extra shall be paid due to fluctuations in the cost of materials, machines, bitumen, P.O.L., labour and all types of taxes etc.

COMPLIANCE WITH LOCAL BYE LAWS

The contractor shall throughout the continuance of the contract and in respect of all matters arising out of performance thereof, conform with all required regulating and bye-laws of the local or other authorities which may be applicable to the works.

ROAD TRANSPORT

The contractor employing motor vehicles for transport of material shall abide by provisions of the Motor Vehicles Act.

PAYMENT TO CONTRACTOR

Payment shall be made after deducting Income Tax/Trade Tax or any other applicable tax and other deduction as applicable to the contractor.

DAMAGES BY RAINS, ACCIDENTS OR NATURAL CALAMITIES

No payment will be made to the contractor for damage caused by rains, accidents or other natural calamities during the progress of work. No claim whatsoever shall be entertained on this account.

DEFAULT OF CONTRACTOR IN COMPLIANCE

Constant defiance of the instructions of Engineer-in-charge on the part of the contractor or his authorized agent will make the contract liable to be terminated.

CLEARANCE OF SITE ON COMPLETION

The contractor shall at all times keep the premises free from accumulated waste materials or rubbish caused by his employees on the works and on completion of the work, he shall clear away and remove from site all surplus materials, rubbish and temporary work of any kind and fill up borrow pits dug by him. He shall leave whole of the site and work clean and in a workmanlike condition to the entire satisfaction of the Engineer-in-charge.
